GOVEX SPECIALS

We have added a new section to the GovEx Home page called Store Specials. Specials are items selected from the GovEx portfolio that:

- Already have a very competitive price, or
- Are listed at a Sale price
- Have wide application to most users, be they individuals or businesses
- Include a picture so shoppers can see what they are buying

Each week new items will be added to this section. Shoppers are advised to check in frequently to see what's new.

NEWEST GOVEX ADDITION - UNITED STATIONERS

GovEx was extremely pleased in September to announce United Stationers as our newest member of the GovEx portfolio of products. Since then the first segment of products has been posted on GovEx and we believe you will find that the pricing and selection are worth taking an online shopping trip.

The initial product listing includes a wide range of office supplies and furniture. You can find everything from high capacity paper shredders to Starbucks coffee; from Schaeffer fountain pens to luggage products.

Take a few minutes to see what you can find.

NGAP INTRODUCES GOVEX RESELLER PROGRAM

Due to recent inquiries, nGAP has created a GovEx Reseller Program. This program was prompted by frequent requests from our customers who want to be able to buy products off of GovEx and resell these products to their customers.

Discounts are available based on projected volumes. The Reseller Program will initially be available to resellers who want to add products to their own website via file download. Later, GovEx will offer the option of having nGAP create and operate branded websites for vendors who want to focus on the marketing side of the business and leave the operations to nGAP.
